Preliminary Program
6th European Round Table Meeting (ERTM)
June, 14th 2019

“Improvement of cancer care in low to middle income countries by transfer of knowledge”

9:00 am  Welcome and opening remarks
          Prof. Dr. Olaf Ortmann, President of the German Cancer Society
          Dr. Julie Torode, Director, Special projects UICC

09:05 – 9:15 am  Summary and aim of the ERTM  Prof. Dr. O. Ortmann

9:15 – 12:50 am  Keynote presentations

9:15 – 9:40 am  The role of educational programs to improve cancer care
                Prof. Dr. W. Schmiegel, Germany

9:40 – 10:10 am  Learning models for quality improvement on the example of Ethiopia
                 Prof. Dr. Ch. Thomssen, Germany

10:10 – 10:40 am  Transfer of knowledge by training and education, experience in India
                  Prof. M. Hakama, Finland

10:40 – 11:40 am  Discussion

11:40 – 11:50 pm  concurrent interactive session
                  Methods of knowledge transfer and implementation strategies for quality
                  development in cancer care - Introduction  Dr. U. Helbig, Germany

11:50 – 12:50 pm  Networking Lunch
12:50 – 2:20 pm  
Main aspects for specific focus in workgroups  
Key questions:  
- Which methods of knowledge transfer for quality improvement are successful?  
- How important are these aspects and how much effort should be invested?  

Work groups

2:20 – 2:50 pm  
Presentation workgroups and Discussion  
“A proposal for maximizing the benefits of knowledge transfer for quality improvement in the phase of translational care to patient care”  
All participants

2:50 – 3:00 pm  
Concluding remarks  
Prof. Dr. O. Ortmann
